CAMP INVITED TO SEE EXPERIMENTS

Come Here This Week.

High School Teams Will Be in Action Saturday - Important Conference of Coaches Called for To-mor-Will Be Tried-Other Sport Gossip.

By WILLIAM PEET,

A meeting has been called for Tuesday afternoon, when four prominent football coaches of the District high schools and Jack Gass, the well-known referee, will hold a conference for the purpose of dis cussing changes in the football rules for here next Saturday.

An invitation has been extended to Walter Camp, and if his business affairs will permit it is hoped he can be present when the experiments are tried. In case the great football authority cannot come to Washington, it is expected that he will send by mail a few suggestions which, of course, will be tried out by the local coaches.

It was originally proposed to have teams from Central, Western, Business Technical, and the National Cathedral School on the field in uniform and in charge of the various coaches, but a different scheme will be tried. With so many teams on the field, confusion would be sure to follow, and the present plan is to have a team from Technical and one from the National Camedral School in togs, while the other players and those interested in the sport can look on from the side lines.

Coach Hecox, of Technical, and Coach be no hitch or misunderstanding.
